

DON'T LET FEAR OF COVID MASK OTHER HEALTH ISSUES

COVID-19 is a serious health issue, but it's not our only concern.

If you have health issues, don't hesitate to connect with your family physician or specialist.

Health issues won't wait until the pandemic ends, and neither should you.

Your doctor is here to care for you when you need them.
And if you don't have a doctor, you can find one at
albertafindadoctor.ca.

YOUR HEALTH MATTERS TO ALBERTA'S DOCTORS.
