Claim a callback to a long-term care and auxiliary hospital by choosing the appropriate callback and visit based on the time of day and patient condition (e.g., intercurrent illness or not an intercurrent illness) from the list provided below each of the boxes.

Please note HSC 03.03DF may be claimed for intercurrent illness for long-term care patients.

*Note: 03.01AA only applies to services provided to patients in active treatment facilities, long-term care centers or auxiliary hospitals from 17:00-07:00 hours weekdays and anytime on weekends or statutory holidays.
