Re: an open letter to the AMA

Dear colleagues,

On behalf of the YMA I would like to extend our deepest sympathies to the family of Dr. Reynolds, the staff at the Village Mall Walk in Clinic, and to everyone who has been touched by this horrible event. The collegial culture of medicine in Canada is one of our greatest strengths, and we are all horrified by this hitherto unprecedented event.

We are all in this together, and please know that your colleagues in the North are holding you in their thoughts.

Sincerely,

A handwritten signature in black ink, appearing to read "Dr. Ryan Warshawski".

Dr. Ryan Warshawski  
President
