LOCUM WANTED

Blood Reserve AB
Locum physicians needed who are dedicated to providing comprehensive and compassionate evidence-based medical care to tribal members on the Blood Indian Reservation (Southern Alberta; two hours south of Calgary). This clinic is on the reserve in a town site with a spectacular view of Chief Mountain and the Rocky Mountains. Waterton Lakes National Park is a 35-minute drive.

In 2015, we started prescribing Suboxone to our patients. This therapeutic skill would be of some benefit. We have been recognized by Health Canada and funding has been provided for expansion of our services. This is an extremely rewarding practice.

Canmore AB

The Bow River Medical Clinic conveniently located on the door step of Banff National Park in Canmore has an immediate opening for a part- or full-time family physician. Our clinic is a group of well-established physicians and medical office assistants operating in a busy, well-equipped office. Advantageously located beside the hospital, emergency and pharmacies, allowing us quick access to investigations and treatments. We are accepting of a wide variety of physicians including new graduates.

Practicing all forms of medicine: geriatrics, pediatrics, early obstetrics, chronic disease management, sports medicine, etc., the physicians work in a team-based environment. However, each physician has their own special interests. You are not required to do all of the above.

The clinic is open Monday to Friday 9 a.m. to 5 p.m., no evenings or weekends. The suitable candidate will have a flexible schedule and can obtain hospitalist and admitting privileges at the Canmore General Hospital. You will see walk-in patients, patients at the clinic as well as build a patient panel of your own. Clinic uses Med Access electronic medical records and billings are fee-for-service with a 70/30 split.

Edmonton AB
Lessard Medical Clinic and West Oliver Medical Clinic are in need of family physicians.

MD Group Inc. is looking for walk-in/family practice physicians to join the team. We have positions available in each of our Lessard Medical Clinic and West Oliver Medical Clinic, each with eight examination rooms. Excellent location and facility; courteous and energetic support staff.

Benefits and incentives include the convenience of multiple locations around Edmonton to support your living arrangements, staff familiarized with primary care programs and promotion, support staff including nurses for patients to provide one-on-one care, on-site diabetic management care and comprehensive medical follow-up visits.

Therapists within our clinic provide priority consults; onsite respiratory clinic as well as rotation of various specialists for your convenience and priority use. Seminars and dinner workshops are well documented and monitored for CME credits. Flexible hours, vast patient population at both locations, continuing care and learning opportunities for accredited physicians. Full-time chronic disease management nurse for co-morbidity patients, billing support and attached pharmacy.

Work with friendly and dedicated staff, nurses available for doctor’s assistance and referrals as well as on-site mental health and psychology services. There are two to four positions available now.

This is a permanent, full-time, fee-for-service position. The physician will provide primary care to patients of the clinic, including diagnosing and treating medical disorders, interpreting medical tests, prescribing medications and making referrals to specialist physicians as appropriate. Ability to work effectively, independently in a multidisciplinary team, and effective written and verbal communication skills.
The Lessard Medical Clinic is located at 6633 177 Street NW, Edmonton AB T5T 4K3. The West Oliver Medical Clinic is located at 101-10538 124 Street NW, Edmonton AB T5N 1R9.

The physician must be licensed with the College of Physicians & Surgeons of Alberta (CPSA). Qualifications must comply with the CPSA license requirements and guidelines. Certification with the College of Family Physicians of Canada (CCFP) (required). Preference will be given to candidates who have or are eligible for a certificate with the Royal College of Physicians and Surgeons of Canada.

Retention Benefit Program supports and promotes the retention of physicians in Alberta by rewarding their continuous years of service to Albertans. Physicians receive between $5,141 and $12,852 depending on their years of service to Albertans. This money will not be paid in 2017 but may be paid in 2018.

Medical Liability Reimbursement reimburses physicians for their medical liability protection costs less a $1,000 deductible.

Continuing Medical Education reimburses physicians for eligible continuing medical education costs. Each eligible physician receives $2,656 annual allotment, which can be carried forward for up to three years. Parental Leave Program provides $1,063 per week for up to 17 weeks to physician parents of a newborn or newly adopted child. Business Costs Program addresses escalating practice costs in community based practices. This fee modifier of $2.92 is added automatically to the first 50 select office visits and consultations. This program applies across the province and all physicians who provide visit services in an office-based setting will receive the modifier.

We use Healthquest electronic medical records and maintain memberships with local primary care networks.

**PHYSICIAN AND/OR LOCUM WANTED**

**Calgary AB**
Innovative multidisciplinary medical clinic is offering a rare opportunity for a family physician to take over a patient panel and practice in vibrant downtown Calgary.
Imagine Health Centres (IHC) is currently looking for family physicians and specialists to come and join our dynamic team in part-time, full-time and locum positions in Calgary. Physicians will enjoy extremely efficient workflows allowing for very attractive remuneration, no hospital on-call, paperless electronic medical records, friendly staff and industry-leading fee splits.

Imagine Health Centres are multidisciplinary health clinics with a focus on preventative health and wellness. Come and be part of our team which includes family physicians, physiotherapists, psychologists, nutritionists, pharmacists and more. Imagine Health Centres prides itself in providing the very best support for family physicians and their families in and out of the clinic. Health benefit plans and full financial/tax/accounting advisory services are available to all IHC physicians. There are also limited time opportunities in our other locations in Calgary, Edmonton and Red Deer.

As a family physician, Imagine Health offers an opportunity to build your practice in an environment that emphasizes physician happiness, well-being, and work-life balance. To us, that means a few things such as exceptional spaces, unique and innovative technology, top-notch support staff, industry-leading staff-to-physician ratios, well-managed administration, work flow and billing optimization, attractive compensation package, medical business/investment opportunities and flexible schedule.

In summary, our people, technology and spaces are designed to let you focus on being an effective clinician first and foremost. Don’t miss the opportunity to join our talented and friendly team.

The successful candidate must possess the following: effective interpersonal skills and the ability to work in a team environment; current license to practice medicine from the College of Physicians & Surgeons of Alberta or active license in any Canadian province. All applicants will be considered. We offer competitive remuneration.

If you are interested in this great opportunity with Imagine Health Centres, please send your resume along with any other credentials you may have and label the subject line: Physician/family doctor position.

To meet the growing needs, we have a practice opportunity for family physicians to start as a locum (with an option to join part- or full-time) at Parsons Medical Centre (PMC) and Millbourne Mall Medical Centre (MMMC). Both clinics are in south Edmonton. PMC and MMMC are high patient volume clinics with friendly reliable staff for billing, referrals, etc., as well as an on-site manager.

Enjoy working in a modern environment with full electronic medical records. PMC and MMMC serve a large community and wide spectrum age group (birth to geriatric). Both clinics have on-site pharmacy, ECG machine, lung function testing and offer a large array of specialist services including: ENT, endocrinologist, general surgeon, internist, orthopedic surgeon, pediatrician and respirologist.

PMC and MMMC are members of the Edmonton Southside Primary Care Network which allows patients to have access to an on-site dietitian and mental health/psychology/psychiatry health services. Overhead is negotiable, flexible working hours and both clinics are open seven days a week.

**Edmonton AB**

Exciting opportunity for family medicine physicians; become a member of our team of professionals. Newly renovated state-of-the-art facility, clinic member of the community for over 30 years and one of the largest members of the Edmonton West Primary Care Network (PCN).

We offer permanent full-time, locum opportunities, daytime, evening and weekends. You choose your work hours.
We are one of the busiest clinics in Edmonton and a highly motivated full-time physician can earn $500,000 to $700,000 or more annually.

Plus we provide other great perks such as: flexibility with your schedule, how you wish to organize your work days, no need to arrange locum coverage for your vacations as you are part of a large physician team. In addition to a busy booked schedule, we have a large walk-in patient population so you can see as many or as few walk-in patients as you want.

Full-time physicians have their own dedicated medical office assistant, onsite PCN resources such as chronic disease management nurse, two licensed practical nurses, panel coordinator and offsite PCN resources such as a nurse/pharmacist that updates our patient medication profiles upon their discharge from hospital.

Required completion of appropriate university and degrees, licenses and certificates include College of Physicians & Surgeons of Alberta certification, licensure by provincial or territorial authorities. Two years of experience would be preferred, fluent in English, professional liability insurance and active licence with Med Access electronic medical records (we can help with this if needed).

Skills and duties include examining patients, taking histories, ordering appropriate testing and diagnostic procedures. Prescribing and administering medications and treatments. Advising patients on health care and communicating health promotion, disease prevention and performing patient advocacy role. Consult with other medical practitioners.

To become part of our team, please contact.

CLINIC FOR SALE OR RENT

Edmonton AB
New medical clinic, Unit 16, 9104 179 Avenue is for sale or rent, located near two public schools in an older residential area. The clinic has been in operation since January and we have about 300 registered patients. The clinic sees between 10 and 20 patients per day between the hours of 3 p.m. and 8 p.m.

Clinic has four examination rooms and each room has an electronic blood pressure unit, otoscope, ophthalmoscope and examination table. There are two offices as well as reception area and staff room. We have a pediatrician who specializes in mental health and kids with behavioral problems, who comes to the clinic once per week and sees approximately 15 patients. The area has good potential for a pediatrician as there is a high flow of pediatric cases. Well-trained staff one part time and one full time.
