

# 2022 ADIUM Student Elective Travel Grant

The ADIUM Student Elective Travel Grant was established in 2000 to help AMA medical student members defray the high costs of attending medical school in Alberta. The grant is sponsored by ADIUM Insurance Services Inc., AMA's wholly owned insurance agency. Each year 20 student names are randomly drawn (10 for each school) for a \$500 grant from entries received by students.

In any other year at this time, 20 medical students would be receiving notice that they'd been awarded the ADIUM Student Elective Travel Grant. Similar to 2020, in 2021, no one was permitted to travel due to the COVID-19 pandemic. So, with input from the AMA Committee on Student Affairs, ADIUM randomly selected the following 20 AMA student members from the classes of 2022 and 2023 to receive the grants:

## University of Alberta

- Connie Le
- John Saieed
- Liane Joo Kang
- Jinny Alexandra Donovan
- Brendan Conor Kelly
- Cassandra Bailey Warbeck
- Alexander Scott Platt
- Camilla Piatowski
- Hillary Anna Wilson
- Nolan Mathew Dyck

## University of Calgary
