

December 31, 2021

Dear Family Physicians,

We are encouraging all family physicians to join the following [webinar regarding Omicron and preparing for the post-holiday surge](#) on Monday (January 3) at noon:

This session will aim to provide you practical information in managing the expected surge of COVID cases in the community. The webinar is being provided in partnership between Alberta Health Services, Alberta Health, Alberta College of Family Physicians and the Alberta Medical Association to provide information to help keep your patients and your office safe during the Omicron surge.

Following up from the ACFP Omicron Update on December 23, our speakers will share the latest information on: PPE, COVID testing, managing COVID in community to help prepare practices for increasing numbers of COVID patients.

Please feel free to invite any staff members from your clinic that you think would benefit from participating in this session.

A Q&A period is planned to help respond to your most pressing questions about managing COVID in your practice.

You can [visit the AMA website](#) to learn more about the webinar and register to attend.

Best regards,

Dr. Craig Hodgson  
President, AMA Section of Family Medicine

Dr. Samantha Myhr  
President, AMA Section of Rural Medicine
